You can begin your registration for the application at this page.

## How to find your TEXA ID:

This TEXA IDC5 notification will pop up automatically every time you open your software unless you have disabled this notification. If so there is another method to recover your TEXA ID.

When you navigate to the diagnostic home screen you are able to click your software version in the top right corner of your screen which will open the screen that contains your TEXA ID.

This is the screen that contains your TEXA ID. If you have any issues locating your TEXA ID please give us a call at 855-839-2626

**CONFIRM DATA**

LIST OF TOOLS:

The screenshot shows a web browser window with the URL <https://mytexa.com/UserArea/Devices.aspx>. The page header includes the myTEXA logo and navigation links for PROFILE, EQUIPMENT, TEXA APP, and DOWNLOAD MANAGER. The main content area is titled "PURCHASED EQUIPMENT" and displays a grid of six equipment cards. Each card features an image of a tablet, the serial number, the model name "AXONE NEMO", the activation date, and an "EQUIPMENT DETAIL" button.

Serial number	Activation date
55FE85E6	08/09/2016
DAAGT00083	14/12/2016
DAAGT00371	15/02/2017

TOOLS' DETAILS:

- Licenses status: last update, installed version, & available versions..

The screenshot shows a web browser window with the URL <https://mytexa.com/UserArea/DeviceDetail.aspx?ID=55FE85E6>. The page header is identical to the previous screenshot. The main content area is titled "SOFTWARE" and displays a sidebar with the device's serial number and activation date. The main panel lists two software licenses with their respective icons, last update dates, installed versions, and available versions.

Software License	Last update	Version installed	Version can be installed	Latest version released
IDC5 PREMIUM TRUCK SW LICENSE	26/07/2017	42.0.0	46.0.0	46.4.0
IDC5 PREMIUM OHW AGRI SW LICENSE	19/03/2018	16.0.0	19.0.0	19.0.0

Below the software section, there is an "APP/SERVICES" section with a button for "DASHBOARD MODE TRUCK".

- Subscriptions status: expiring date is displayed (EU format – dd/mm/yyyy)

DIRECT LINK TO “DOWNLOAD MANAGER” (Internet Explorer or Microsoft Edge only):

**Download TEXA’s software easily, quickly and safely with DOWNLOAD MANAGER.**

**INSTALL PROGRAM** 

+ Requirements: 

DOWNLOAD MANAGER is the new application developed specifically by TEXA to make the procedures for downloading diagnostic software quicker, easier, and even more protected.

It allows you to view all the software available and, with the help of the guidelines directly available on the program, the user is guided through the procedure without any risk of error.

Thanks to **DOWNLOAD MANAGER**, updating diagnostic tools has never been easier!

The download manager can be used to download and install the latest versions available of the TEXA Diagnostic software.
